dawn haus.

Built on Tradition,
Designed for Today

NOTE FROM THE FOUNDER

dawnhaus grew from a deep familiarity with wood and the traditions that surround it—where furniture is made carefully, by people who understand their material.

Shaped by an upbringing around skilled craftsmen and a background in design, the brand reflects a quiet respect for both form and function. The focus is on balance: thoughtful design, honest materials, and workmanship that allows the wood to speak for itself.

Each piece is made slowly and intentionally, honoring techniques passed down through generations while adapting to modern living. dawnhaus creates furniture meant to endure—not through trends, but through care.

dawnhaus was never about making more furniture— it was about making furniture differently.

Thank you for welcoming our work into your space.

— Paul Varghese Erinjeri
Founder, dawnhaus
